Telephone Tokens

USA - Sales Tax Tokens

Lot descriptions are of necessity brief and oriented to numismatists. Sizes are in millimeters, although larger paper pieces are often in inches. Tokens are round unless otherwise indicated. Materials are shown as Al, Br, Cop, Ir, Ld, Nkl, Zn or Pl (astic). When parentheses are used it means that the information enclosed is not in the token legend or describes some device on the token. Catalog numbers are often used to aid description, e.g. (L#101.3) and refer to the most standard U.S. work on the topic at hand. Since listing each reference would be too cumbersome, please write if you need to know which. Dollar values written simply (\$5) mean a suggested bidding range. An MB enclosed with a dollar value in parentheses (e.g. (MB\$25)) means a "Reserve" or "Minimum Bid". Grading can be only approximate in a series as varied as tokens. I try to be conservative and in most cases have reduced items by one grade where there is any question in my mind. Comments on my listings and methods of operation are always welcome.

USA - SALES TAX TOKENS

Numbers used are from U.S. State Issued Sales Tax Tokens and Chits, Chislers and Funny Money, the latter in parentheses. For a "Fast Finder" listing order the new Sales Tax Tokens - Prices for \$2.00, or 10 for \$12.

1. **Trial Strike or Pattern Piece:** an MO-5 Missouri 1 Mill pebbled map token in aluminum. It is probably C&C(#11) although the catalog description doesn't make clear whether or not it represents the pebbled variety. This one is Unc with a tiny spot of oxide on one side and is the second specimen which I have personally verified. The first was found by the late Jerry Bates in a junk box in the early 1970's. Mike Pfefferkorn may have known of another. At any rate they are extremely rare. (\$300)

MAIL BID SALE RULES AND TERMS

1. The sale closes at 7 p.m. USA Pacific Time on the date noted above or until 15 minutes pass with no telephone bid. Lots are sold to the highest bidder. In the event of tie bids the lot goes to the earliest arriving bid. Bids of only a few cents difference will be considered tie bids.
2. Bids must be in U.S. Dollars and those under \$3 are respectfully declined.
3. Winning bids over \$50 will certainly be reduced to a 10% advance over the next highest bid, or its Minimum Bid. Below \$50 reductions will be made where possible and based on my judgement. In general the 10% guideline will be followed. The maximum reduction will be 50% in any case. Bids will not be reduced under \$10. In general acceptable bids will be those that are at least 60% of the estimated value.
4. Successful bidders will either be billed first or sent winning lots with the bill if they are established customers. Postage, shipping and insurance costs will be added to the invoices where such are appropriate. There will be a minimum charge of \$1 for postage and processing. A Bidder's Fee of 5% or \$1 will be added whichever is higher. California residents must pay 6% Sales Tax. Overseas customers must accept responsibility for postal delivery.
5. **Prices Realized:** please order them when you submit your bids. Do not send payment. I will include the cost with your bill, \$1 per copy.
6. Lots may be returned within 10 days of their receipt **only if there is a major error** in the description or in the material sent. Please check the shipments for such and keep a copy of the bids you submit. Please pay within 5 days.
7. **Lots Made Up of Multiple Pieces:** In most cases these consist of items which are a) very common, b) badly worn or damaged, c) struck after 1950, d) of little collector interest or e) all of the above. Please bid accordingly. I try to describe them as much as I can afford the space, but because of their nature descriptions have to be limited.
8. Book prices include USA Book Rate or International Surface Mail postage. First Class or Air mail is extra, unless otherwise indicated.

BIDDING BY TELEPHONE? My number is (415) 648-8634. The best hours to reach me are 7-9 a.m. USA Pacific Time. However the least expensive and most certain means to bid is by mail even if only on a postcard. At times business may keep me away from the phone for days. I will accept bids over the phone and current bid levels are available from the computer. However if you request such information, you must bid at least 10% over the highest in order to have your new bid qualify. For items quoting under \$10, you must bid at least \$1 more to qualify. For those who like to call in bids at the last minute: I will try to have all bids posted, but often at the end of the day it is not possible when they come in all at once. 98% of all successful bidding is accomplished with high bids by mail.

MAIL AUCTION #20

Prices Realized

Some highlights of this sale were as follows: #1, the aluminum Missouri 1 Mill Sales Tax Token sold at \$482. The Washington & Fanning Is. 12 1/2c (#1063) took second place with a sale price of \$341. Two others, #113, the Los Angeles Boyle Heights Bakery piece went for \$154 and the British Honduras 1/4 Rial Token (#288) sold at \$105.

Lot #1060 from the Hawaiian Kahului RR received the highest number of bids, fifteen, but sold only at \$9. Lot #84, the lightly scratched New Orleans Daguerrotype token, brought twelve bids and went for the same amount. Three other lots received eleven bids each, #62 - \$42, #318 - \$83 and #1063 - \$10.

The left hand column below is the Lot number. Lots not listed received no bids or else received those too low for consideration. The middle column is the auction price rounded to the nearest US dollar, although in many cases the actual amount may have been somewhat above or below that given. The figure in parentheses is the number of those bidding for any given lot.

Belgian Congo: A typical method used by European colonial governments to tax indigenous populations, and mostly those in Africa, was to count adult members of families including wives, a "Head Tax". Another means of assessing the tax due was to count possessions such as livestock or dwellings. In many cases a wealthy head of family may have had multiples of wives, dwellings etc. The piece shown is a receipt for payment of such a tax. They were issued annually and were for specific districts. The B on this one indicates that it came from the Boma district. Information courtesy of Messrs. Pierre Dewit, Stefan de Lombaert and A. Francois Schepers of Brussels. (See Lots #980-982.)
